Sewer and Water Authority Projects		Y
State Agency Projects		Y (b) (f)
State-funded Universities		Y
Timber Harvesting Action Packet		Y (c)
U S Postal Service		Y
Volunteer Ambulance Companies		Y
Volunteer Fire Companies		Y

- a. An E&S Plan review is required as a condition of 25 PA Code, Chapter 105 for General Permits. The Chapter 105 application fee is based on the fee schedule adopted by DEP.
- b. Contact the Lancaster County Conservation District for clarification.
- c. A flat fee of \$250.00 will be charged for all Timber Harvest projects. If a GP-8 for a temporary crossing is required, the 105 application fee is also required. Refer to the included DEP Chapter 105 fee schedule.
- d. Disturbed acreages should be rounded to the nearest whole number for all fees.
- e. A fee of \$150.00 will be charged when the District is asked to review and/or approve an E&S Plan for a borrow or disposal site that does not fit into one of the other fee categories already listed.
- f. Exemption from Chapter 105 fee per definition of "political subdivision".
- g. A DEP Chapter 105 Fee Calculation Worksheet must accompany all Chapter 105 General Permit applications.

(Rev. 10/12/2016)

**LANCASTER COUNTY CONSERVATION DISTRICT  
EROSION & SEDIMENT POLLUTION CONTROL PLAN  
REVIEW FEE SCHEDULE**

**RESIDENTIAL SUBDIVISIONS**

(Units of Occupancy)

\*SEE REFERENCE CHART ON PAGE 4

**Base fee up to 2 UNIT**           \$ 300.00

**3 - 25 UNITS**                   \$ 100 PER UNIT

**26 OR MORE UNITS (Use Formula Below)**  
\$ 2500 plus (# of Units - 25 X \$ 60.00)\*

**COMMERCIAL, INDUSTRIAL, AGRICULTURAL  
LAND DEVELOPMENT PLANS & OTHERS**

(Disturbed Area)

LESS THAN 1.0 ACRE	\$ 600.00
1 - 1.99 ACRES	\$ 750.00
2 - 2.99 ACRES	\$ 1000.00
3 - 3.99 ACRES	\$ 1250.00
4 - 4.99 ACRES	\$ 1500.00

5+ ACRES – Rounded off to nearest whole number

**(Use Formula Below)**

\$1500.00 + \$100 per acre over 5 acres

**Linear Projects**

**Total length of project X Total width of the Right of Way=  
Disturbed Acreage (See Fee Schedule for Commercial”  
Shown Above**

**RULES AND GUIDELINES**

- a.) NPDES Permit applications will conform to the time frames for review as outlined in the Permit Decision Guarantee Program or DEP Standard Operation Procedure policy for General NPDES Permits.
- b.) For projects not associated with an NPDES Permit application, the LCCD will attempt to review your project within 30 days from the date of receipt.
- c.) The initial fee covers a pre-application meeting, initial plan review, and one (1) resubmission. If after the second review, the plan is found to be inadequate, the third submission is subject to an additional charge of 50% of the current fee. Paragraph e may supersede this guideline.
- d.) NPDES applications that are determined to be administratively incomplete or are severely deficient will be required to submit an additional NPDES fee upon resubmission. Paragraph e also applies.
- e.) Each subdivision or land development plan for a project where the future sections will be reviewed in stages or phases shall be subject to a review fee for the activity that is proposed on the initial submission. All subsequent phases or land development plans submitted for review shall be subject to a review fee under the appropriate category of the current fee schedule.
- f.) A plan resubmitted to the District more than one (1) year after the previous submission for the same project shall be considered a new submission and will be subject to a new review fee and new NPDES permit fee (if applicable) under the current fee schedule.
- g.) Plans that are deemed adequate and involve subsequent major design revisions (lot or road layout, drainage design, addition of/removal of E&SPC BMPs, Post Construction Stormwater Management (PCSM) BMP etc.) will be subject to a charge of **50%** of the current fee.
- h.) NPDES Permits for Stormwater Discharges Associated with Construction Activities are required for projects that have an earth disturbance area of 1 acre or more, unless specifically exempt by the regulations pursuant to Chapter 102.5.
- i.) Administratively incomplete NPDES applications not resubmitted within **60 days** of the incomplete notice will be considered withdrawn and a new NPDES application package, including fees, will be required upon resubmission. [Pursuant to Chapter 102.6(c)2]
- j.) E&S Plan approvals are valid for a period of 5 years from the date of approval unless changes to the plans require a new review.
- k.) NPDES permits are valid until the expiration date noted on the permit or until a Notice of Termination is acknowledged.
- l.) ESCGP-2 Permits follow the same review process as General NPDES permits.
