

Lancaster County Conservation District **Agriculture Engineering/Technical Specialist Level I**

The Lancaster County Conservation District is seeking qualified individuals to fill a full-time Agriculture Engineering/Technical Specialist Level I position. This position requires excellent organization, communication, and technical skills. Applicants who are self-motivated, detail-oriented, and able to manage projects independently should apply. The successful applicant will be responsible for providing technical assistance to landowners for the installation of agricultural Best Management Practices (BMPs). This is done through evaluating agricultural waste management and erosion concerns, survey and design of BMPs, and assistance through the implementation of those practices. Skill level must include a working knowledge of CAD and GIS. Knowledge of the PA Technical Guide is preferred.

Upon employment, candidates will be required to complete a State and Federal background investigation questionnaire.

Minimum qualifications are:

- 5 years or more of relevant job experience
- A minimum 4-year degree in Agriculture, Environmental or Civil Engineering or Engineering Technology or related environmental studies
- Valid driver's license and personal vehicle
- Ability to traverse rough terrain

Compensation: Starting Salary \$55,000-\$62,000 (commensurate with experience) and excellent benefits package including healthcare and a retirement plan. Plus a \$2,400 signing bonus.

Required Application Information:

- District Application (available at www.lancasterconservation.org)
- Cover Letter
- Resume
- 3 Character/work references

The required application information must be received by the District on or before May 15, 2024.

Please send the required application information to:
